

Water Supply Plan

We, LKVIPL, committed to provide a well established Water Supply Plan with the help of local Government. LKVIPL has a well-planned Water management, forming part of the Lucknow Authority. The details can be briefed as follows:

- We have provided Submersible pump in Apartment.
- In Apartment, a water tank has been installed.
- Well-structured pipe line has been spread in the building.
- Apart from it, local government also committed to provide drinking water facility to the people of the locals. NOC taken.
- Accumulation of the raining water, at the discretion of the inhabitant, we have educated them about this.

Thanking you,
